

A vibrant, cartoonish movie poster for 'Diplodocus og den mystiske Hokus Pokus'. The background is a dark, starry space with a large, glowing planet. On the right, a large, green, friendly-looking dinosaur with a long neck and a wide smile is the central character. It has its right arm raised in a celebratory gesture. In the upper right, a speech bubble from the dinosaur says 'VI SNAKKER DANSK!'. To the left of the dinosaur, a small, pink, cat-like creature with large eyes is visible. In the lower left, a small, red, devil-like character with horns and a mischievous grin is holding a large yellow pencil. The title 'DIPLODOCUS' is written in large, white, stylized letters with a blue outline. Above the 'D' is a small white silhouette of a dinosaur. Below the title, the text 'OG DEN MYSTISKE HOKUS POKUS' and 'I BIOGRAFERNE DEN 1. MAJ!' is written in white. In the bottom left corner, there are logos for 'Danmarks Filmcenter' and 'Cinema Digital'.
